

# NEWARK Now

Do you have a legal issue that you would like to talk to an attorney about?

- Do you have children? Do your children have health insurance coverage – you may be eligible to apply for free or low cost health insurance through the State of New Jersey Family Care program.
- Do you have a dispute with your landlord regarding the living conditions in your apartment/house? As a tenant you have rights and your landlord may be required by law to make certain repairs.
- Are your heating bills too expensive? You may be eligible for a federal subsidy to help pay your home heating costs.
- Lead paint chips and dust are extremely dangerous to the healthy development of young children. Are you concerned that there could be lead paint in your apartment?
- Do you or does someone in your family have a criminal record they would like help getting expunged?
- Do you need help filling out your tax returns?
- Do you have another type of legal question you would like to discuss with an attorney?

If you answered yes to any of the above questions, call 973-733-3460 and make an appointment to meet with a lawyer. The Newark Now Legal Assistance Program will schedule a free consultation for you with a local attorney. The attorney will discuss your legal rights with you and try to answer any questions you have. If the attorney feels that you have a case that would benefit from legal representation, Newark Now will work with you to try and find an attorney willing to take your case.
